I suggest involving the Water programs (Tomas Torres, Jason Brush) after this week's Rosemont meeting, when new info is available. I don't need to be part of that update.

Alexis/Kathleen,

Thanks for sharing the update. I think your staff did a great job of cuing up the issues;

Deliberative Process / Ex. 5

team. With a final biological opinion from USFWS and the expectation that the USACE will issue a 404 permit, perhaps the focus should instead be on what we believe it would take to alleviate our remaining significant concerns, such as specific mitigative measures that we want to see incorporated.

Larry and I think it would be helpful for a quick coordination call on this. What is your availability today?

Thanks, Rob

HOT ISSUES

Unrelated/Unresponsive

2. ROSEMONT (AZ) COPPER MINE: (FYI) next Tuesday, April 18 in Phoenix, EPA will join the US Forest Service and the Corps of Engineers to discuss water quality and other issues related to the proposed Rosemont copper mine, which we have reviewed under NEPA and CWA. The Forest Service will issue its Record of Decision in May, the Corps its CWA 404 decision some time thereafter. CEQ has been coordinating the multi-agency engagement. I attach a one-page briefing paper and will update Ken W, OW and OECA when EPA decision time nears.

KEY DECISIONS/ACTIONS: (FYI, no Administrator action sought)
